- Motion to Appoint Auditor

# Chair Person Report

- Summary of 2015 Board Activity
- Motion to Ratify Board Activity since 2015 AGM
- Review of the 2015-2020 Strategic Plan

# LAURA CARREIRO'S BACKGROUND

# EDUCATIONAL VISION

**To inspire learners to  
develop critical thinking and  
equip them with skills for  
tomorrow's future.**

# EDUCATIONAL BELIEF

## *Christ the King School*

- 1. Provide a safe, caring and challenging academic environment while embracing diversity.**

**2. Promote innovative learning to increase student engagement.**

**3. Encourage differentiated learning to meet the diverse academic and developmental needs of students .**

**4. Shared leadership to motivate and create many pathways for learners.**

**5. Support lifelong learning (PD).**

# Administration & Teaching Experiences

- 1. Diverse communities of learners (K to Grade 12)**
- 2. a. Public Schools (13 years)  
b. Independent schools (16 years of Catholic Schools)**

**3. Elementary setting has provided first hand experience on *how kids learn.***

# 4. Understanding and experience working with students from diverse socio-economic and cultural backgrounds.

# Catholic Education

# **Book entitled Build Bethlehem**

**by Father Eric Rickers:**

**“That the teachers job is  
to lead children  
to God”**

**When we model  
Christian life and values  
it allows students to  
assimilate and grow in  
their Faith.**

# Christ the King School's Role in the Community

**To encourage and  
promote student  
engagement  
with the community.**

**To help develop ownership.**

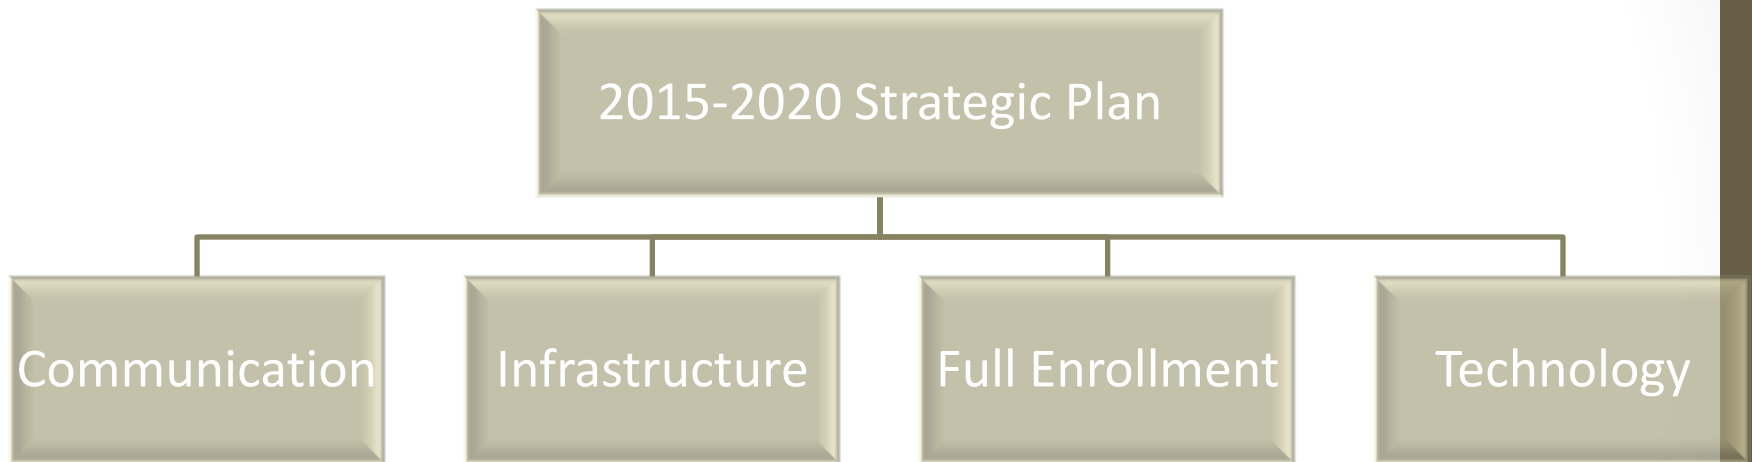

**To become lifelong givers.**

**Community participation  
strengthens performance  
and accomplishment in  
the academic areas of  
learning.**

# Our Strategic Plan

# TECHNOLOGY IMPROVEMENTS

## iPad Collection & Expansion

- Develop a Complete Class Set
- Secure a Portable Charging Station

## School Phone/Intercom System

- Create a class-to-class communication system
- Improve safety in the school

## Staff Training

- Ensure Effective Delivery of Technology in Class
- Effective Use of Tech to Manage the School and Communicate with Parents

# Playground Improvements

## Three Questions- Three Tables:

- Table 1: What the Various Age Groups Want/Need in the Playground? (5 mins)
- Table 2: Other Playground Priorities? (5 mins)
- Table 3: Staging & Timing of Improvements? (5 mins)

# Table 1: What the Various Age Groups Want/Need in the Playground?

Think in terms of:

- ❖ Grades Pre-K to 3
- ❖ Grades 4-6
- ❖ Grades 7-8
- ❖ Structure-based?
- ❖ Natural Playground?
- ❖ Pavement Activities?
- ❖ Sports-based?

## Table 2: Other Playground Priorities?

Our playground can entertain, but it can also achieve other objectives. Think of this question in terms of:

- ❖ Environmental Considerations
- ❖ Accessibility
- ❖ Building Community
- ❖ Health
- ❖ Safety

## Table 3: Staging & Timing of Improvements?

- A thought: It may make sense to do improvements that affect older kids first so that they derive some benefit and invest in fundraising.
- Do we consider certain improvements first?
- Do we do it all at once?
- Any ideas about order of improvements?

# Q&A

- Don't we need playground money for other aspects of the school? (e.g. iPads, phone system)
- Will my kids benefit from this since they are close to graduating?
- If we spend money on this, will there be money for emergencies? (e.g. new roof)
- How can I as a parent (or student, or parish member), help?

# Thank You!

Ideas?

Considering Board Involvement?
